Darfur Action Group of South Carolina

We, the undersigned, call on the United Nations to fully implement UN Security Council resolution 1769. We believe that the urgent and expeditious deployment of a well-equipped, fully funded, United Nations/African Union joint peacekeeping force is imperative to the survival of the people of Darfur. Failure to do so will result in the continued slaughter of innocent people; the UN must, by any means necessary, honor its promise to provide peace and protection to the people of Darfur.
